Environmental & Science Engineering MAGAZINE

NOVEMBER 2026 ISSUE

74.6% of our readers have personally requested their subscription to ES&E Magazine

Don't miss our 31st Annual Review of the Canadian Consulting Engineering Industry

Consulting engineers encounter new challenges — and exciting opportunities — every day. In a special section of our November issue, we take a forward-looking view into the future of this sector.

Key industry engineers and experts will share their insights and predictions for the year ahead, exploring emerging trends, technologies, and issues that will define the consulting engineering landscape in Canada.

This exclusive section is essential reading for professionals in Canada's consulting engineering sector — and for the clients who rely on their expertise.

Our November issue will also cover:

- Stormwater management
- Drinking water supply, treatment and distribution systems
- Water reuse
- Instrumentation and controls
- Piping, valves, pumps
- Disinfection and filtration
- Wastewater collection and treatment
- Industrial wastewater
- Infrastructure renewal
- Air pollution
- Hazardous materials management
- Site remediation and brownfield projects
- Groundwater
- Plant maintenance

BONUS SHOW CIRCULATION

- Manitoba Water & Wastewater Association
- Ontario Association of Sewage Industry Services Annual Conference
- ECO IMPACT Conference

$400 CAD / $300 USD DIGITAL BONUS
